// //

A small collection of pics I took of Union Pacific's steam survivor 844. Some of the pictures I took at a stop at Gibbon Junction in 2006 (I think) and some close-ups as it sat overnite in Grand Island Nebraska in 2007.

844 at Gibbon

For a detailed view of the 844's massive 89-inch driving wheels

For a site offering the best locomotive paintings see [here](#) featuring 800 series UP locomotives.
